Audition Instructions:

1. Video intro (Compulsory)

Please start your video off with the following slate..

*Name

*Age

*Which show you're auditioning for (If you are aged 10-12 please specify if you are interested in being considered for both shows or just one)

*Which role or roles are your preference (Please note that performers will be considered for all roles.)

*Tell us about your experience on stage and some interesting things about you so we can get to know you a little better. Please note that we need people with all different skills that can be used on stage, so make sure you tell us about these skills in your video.

All auditionees must submit an introductory video. If you would prefer to audition only for the ensemble and small roles, then this is the only video you are required to send in.

2. Song (optional)

If you would like to be considered for a solo singing/featured singing role then please also film a video of you singing a short excerpt (no more than 30 seconds) from a song that showcases your voice. You should sing something in the same style of the show that you are auditioning for and something that showcase your voice.

You can use live accompaniment or a backing track. If you don't have a backing track available, then please use a YouTube karaoke track. Do not sing with a vocal track or acapella, we want to hear your voice!

3. Acting/Dancing (Optional)

If you are not auditioning as a solo singer, then you are welcome to perform a short monologue and/or show us some of your dance

skills. Please note that these videos are also optional, you will still be considered for roles in the show if you don't submit acting or dance videos.

Send in the links.

Please make sure that your video is clear with good lighting and good sound. Also, make sure it's filmed in landscape. Once you have completed your audition video, please upload it to YouTube as an "unlisted video" and email us the link.

melbournekidstheatre@gmail.com Please make sure that your video is "unlisted" but not "private." If it's "private" we won't be able to view it. No video files can be accepted, link only.

Once the auditions have all been received you might be asked to send us some extra material because we need to see a little more from you. If you aren't asked to send more material in, it does not mean that you aren't being considered for a role in the show, it just means we have all the information we require from you.

Some important things to note....

If you have filled in the "expressions of interest" form all you need to do is email us your video link. If you have not done so then please follow the link below so that we know to expect your audition links.
